SHIFT IMPROVER KITS
The easiest way to get better performance from your automatic transmission. Faster shifts, longer clutch and band life, better fuel economy, and cooler running temperatures are just some of the improvements you will find. Kits include a pan gasket, specialty separator plates, twist drill, and step-by-step instructions. You have a choice of two performance types: heavy duty or street / strip. All it takes is a few hand tools and a few hours to improve your transmission into the solid B&M-tuned unit you want.

SMALL-BLOCK C6 AUTOMATIC TRANSMISSION
The economical TCI Street Rodder C6 automatic transmission is ideal for small-block-powered vehicles, producing up to 400 horsepower – perfect for a mild daily driver, muscle car, or street rod. Equipped with a TCI automatic valve body and valve body improver kit, the Street Rodder allows you to achieve a firmer, yet not-too-harsh shift in the vehicle while remaining fully automatic. This C6 automatic transmission has a forward shift pattern, stock pan, 13.500" tail shaft, 32-spline input shaft, and case fill. Torque converter and dipstick / tube are not included.

NOTE: Shipped without the speedometer driven gear or its housing. If replacing the same model of transmission, these may be re-used from existing. If not, they must be purchased separately. This transmission is not SFI-approved. Free shipping in lower 48 states.

Size: 10" O.D. × 1 1/4" I.D. × 10-tooth spline. Diaphragm style. ........................... kit ........... 149.95

**CLUTCH DISCS**

  Size: 10 5/16" O.D. × 1 1/4" I.D. × 10-tooth spline. For Dual Friction® kit with 90% holding capacity, see part #DF490030 below. Use with clutch disc / pressure plate sets #s CFT260000, DF490030, 280490, and 280700.

**PRESSURE PLATES CONTINUED**

**Centerforce II Plate**
Offers 80% greater holding capacity over a standard factory clutch. Recommended for use with "mildly modified" vehicles used for street and strip. Proven capable for 4WD, off-road, and heavy towing. Diaphragm style.

- '66 – '74 '66 – '67 Fairlane 390 2/B standard; '68 – '69 Fairlane 390; '68 – '70 Fairlane 351; '69 – '74 Torino 351; '73 – '74 Torino 302 .............. CFT260000 .............. ea ........... 269.95

**PRESSURE PLATE BOLTS AND WASHERS**
Includes 6 bolts and 6 washers. 5/16" × 1".

- '63 – '79 V8... 911 ......... set ........... 14.95

**CLUTCH DISC / PRESSURE PLATE SETS**
These Dual Friction® sets generate up to 90% more holding capacity over stock. Designed for use with engines producing high horsepower and torque. Suits for any radically-altered, high-performance street vehicles. All Centerforce® clutch systems provide smooth engagement and light pedal pressure without compromising high performance. Diaphragm style.

**10" Set (OE disc may be 10 1/2")**

- '63 – '64 Fairlane 260; '63 – '65 Fairlane 289 Hi-Po; '64 – '66 Fairlane 289 2/B; '66 – '67 Fairlane 289; '68 – '73 Fairlane / Torino 302 .......... DF490030 .............. ea ........... 449.95

KYB Gas Shocks® – Made in Japan

Gas-A-Just® High Performance Shocks
Designed to deliver maximum driving control, these shocks provide a high performance ride. Their higher gas pressure keeps tires glued to the road while its superior-strength monotube design with floating piston makes for fade-free performance and the seamless cylinders and eye rings provide durability. Limited warranty.

Front
'66 – '71

Rear
'62 – '71 '62 – '65 Fairlane; '66 – '71 all except station wagon and Ranchero.

Excel G® Premium Shocks
Designed to compensate for worn suspensions and built with components and valving specific to these vehicle applications. Your best choice for OE replacement and normal driving conditions.

Front
'66 – '71

Rear
'62 – '71 '62 – '65 Fairlane all; '66 – '71 all except station wagon and Ranchero.

Performance Gas-Charged Shock
Get improved handling and control with performance-tuned gascharged shock absorbers. The highly-efficient design of these shocks delivers superior, consistent performance compared to traditional shocks. These shocks were developed for the classic Ford owner that is seeking sporty handling without a punishing ride. High-quality rubber bushings and locking nuts are included.

'62 – '71 '62 – '65 all with gas shocks; '66 – '71 except station wagon. Rear.

'66 – '71 All.

FRONT SHOCK UPPER BRACKET MOUNTING KIT
Mounts the upper front shock bracket to the shock tower. Kit contains (6) correct carriage-style 7/16"–24 bolts and (6) 7/16"–24 nuts with attached star washer.

TIE ROD END DUST BOOTS
Replace your tie rod dust boot without having to buy a new tie rod.
New dust boots will help resist damage from rocks, sand, water, road salt, and oils by sealing the tie rod end to prevent loss of lubricants, the major cause of tie rod wear.

- Rubber
  Includes metal ring at the base.
  '66 – '69........................................ C6OZ-3332A.......................... ea .......... 4.95

- Polyurethane
  Made from high quality polyurethane. Measure the rod end per the diagram shown to find the closest fit.

### Rebuilt Power Steering Components

These premium remanufactured units carry a manufacturer’s limited lifetime warranty against defects in material or workmanship for as long as you own your vehicle. We will repair or replace ANY remanufactured steering component found in our judgment to be defective due to failure of material or workmanship. This warranty does NOT cover operator negligence, misuse, accidents, improper installation, changes in adjustments or disassembly.

If you do not have a unit to be rebuilt, call our Rebuild Department for availability of rebuildable core. Please allow 3 to 4 weeks plus shipping to rebuild the unit. Core fees are in addition to the price of the unit and are refundable in 3 to 4 weeks after receiving a rebuildable core.

*ALL CORES MUST BE RETURNED COMPLETE WITHIN 60 DAYS TO RECEIVE A FULL REFUND*

**NOTE:** There will be an additional cost for replacement parts, such as ball stud, end cap, worm gear or sector shaft.

### POWER CYLINDER REBUILDS

Rebuild consists of replacing the shaft, seals, ball stud boot and boot insulator kit, and the unit is cleaned and painted black.

Rebuild includes boot insulator kit #C3AZ-3C651A on page 155.

**NOTE:** Customer must send in a good core before a rebuilt unit is shipped out. Ball stud end of cylinder cannot be rebuilt; if ball stud is loose or threads are bad, it is not a good core. Rebuild has manufacturer’s limited lifetime warranty to the original purchaser.

### STEERING GEAR BOX REBUILDS

Rebuild consists of new bushings, bearings and seals. The worm gear and sector shaft are polished and inspected to ensure quality and the gear box is then set back to original specifications. If the worm gear or sector shaft need replacing, you will be notified. If available, these parts can be replaced for an additional charge.

POWER CYLINDER BALL STUD END BOOT AND CLAMP

'65 – '71 ..C5ZZ-3A540B........ea ..........14.95

LOWER STEERING COLUMN BEARING ASSEMBLY
1 1/4" I.D., 1 1/2" O.D., 1/4" thick. Reproduction.
'72 – '79 with tilt wheel.
.............................. C7SZ-3517C........ea ........10.95

** For Upper Steering Column Bearings, see page 46. **

STEERING COLUMN LOWER FLANGE BEARING
Aluminum housing and press-fit sealed bearing. 2.115" O.D. x .75" I.D. x .902" deep. Replaces the O.E. plastic bearing or the rubber flange insulator in the column. Can also be used in vehicles that had the felt seal. Helps restore smooth steering and eliminated a steering wheel vibration. Includes stainless mounting hardware for a finished look.

NOTE: Will also fit other applications—check the dimensions of you steering column shaft and tube to verify fit.

'65 – '67 .......................................................... 3517.........ea .........64.95

STEERING COUPLER (RAG JOINT)
This is the steering gear input shaft-to-steering column shaft coupling assembly, also called a rag joint.

NOTE: Check your input shaft spline type and size and coupler outside diameter before ordering.

'72 – '75 Torino with Saginaw gear box with a 13/16" 31-input shaft with flat and 3 1/2" O.D. steering coupling.
................................. D5AZ-3A525E........ea ........29.95

STEERING COUPLER (RAG JOINT) REPLACEMENT KIT
Helps prevent steering wheel shimmy and vibration and tightens up loose steering.

'65 – '75 Requires 1 kit per vehicle.
................................. 31000..............................kit.......12.95

POWER STEERING HOSES

Pressure Hoses

'63 – '64 8V.

43" long with 3/8" male inverted flare and correct restrictor.

  - 351M / 400 / 460 with Ford gear box. 35" long.

- **'77**
  - Ranchero with Saginaw gear box.

**Pressure Hose (Modified)**

- **'72 – '74**
  - '72 all; '73 – '74 6-cylinder.
  - 307/8" long with 5/8" female S.A.E. x 5/16" male inverted flare.

**Return Hoses**

- **'62 – '65**
  - Fairlane; '62 – '63 Meteor.
  - 55 1/2" long with 5/8" male inverted flare x hose clamp.

- **'66 – '69**
  - '66 – '68 289; '66 – '69 6-cylinder.
  - 55 1/2" long with 5/8" male inverted flare x hose clamp.

- **'68**
  - 302.
  - 55 1/2" long with 5/8" male inverted flare x hose clamp.

- **'69**
  - 302, 361.
  - 61 1/2" long with 5/8" male inverted flare with 5/8" fitting. Replacement style – may not look as original (replaces both hoses on models with original 2-hose return system).

- **'70 – '71**
  - '70 6-cylinder all; '71 Torino 6-cylinder.
  - 55 1/2" long with 5/8" male inverted flare x hose clamp.

- **'72**
  - Torino.
  - 47" long.

- **'73 – '75**
  - Torino with Ford gear.
  - 47" long.

- **'76 – '79**
  - '76 Torino (except police and taxi) with Ford gear; '76 – '79 Ranchero with Ford gear.
  - 47" long.

**Cylinder Hoses**

- **'62 – '65**
  - Comprised of one #C2OZ-3A714A valve-to-cylinder hose and one #C2OZ-3A717A cylinder-to-valve hose with 5/16" male inverted flare x 5/16" male inverted flare.

- **'66 – '71**
  - Comprised of one #C2OZ-3A714A valve-to-cylinder hose and one #C6OZ-3A717A cylinder-to-valve hose (9 1/2" long with 5/16" male inverted flare x 5/16" male inverted flare).

**POWER STEERING HOSE BRACKET INSULATORS**

- **'62 – '65**
  - Molded rubber that will resist hardening and cracking.

SUSPENSION / STEERING

POWER STEERING RETURN HOSE CLAMP

INTTEGRAL POWER STEERING CONVERSION KITS
Upgrade your stock steering with these complete integral power steering conversion kits. Kits include all components necessary for the conversion.

IMPORTANT INSTALLATION NOTES:
- Steering column must be shortened to fit conversion box.
- Steering column modification can be extensive on column shift cars.
- Power conversion box will not fit with factory clutch linkage.
- Does not include instructions. We recommend an experienced person with understanding of modifications to do this installation.

Manual-to-Power Kit
Upgrades manual steering to integral power steering. Kit includes integral power steering box, rag joint, power steering pump kit (pump, mounting bracket, pulley), and hose kit.

Power Assist-to-Integral Power Kit
Upgrades power assist steering to integral power steering. Eliminates the power cylinder and control valve, and replaces the manual steering box with an integral power steering box. Kit includes integral power steering box, rag joint, hose kit, and drag link adapter.

Rear Suspension

LEAF SPRINGS (A)
Please specify number of leaves, and year, model, engine, and with or without A/C when ordering.

NOTE: For '64, please specify wheelbase of 115½" or 116".
NOTE: These are oversize items; additional shipping charges apply.

FREE – '71

REAR LEAF SPRING BAND CLAMP KIT (B)
This set includes 2 short bands, 2 medium bands, 2 long bands, and 6 rubber insulators. Used with 2 5/8" wide spring with 4 leaves.

REAR LEAF SPRING ANTI-SQUEAK PADS
Goes between leaves. For use when rebuilding your old spring.

FRONT OF REAR SPRING MOUNT KITS (C)
Includes bolt, bushing and nut. Requires 2 per vehicle.

REAR LEAF SPRING INSULATOR (D)
Fits above or below the leaf springs to reduce metal wear. Requires 4 per vehicle.

REAR LEAF SPRING BUSHING SET
Polyurethane. Includes 4 spring bushings, 8 shackle bushings and instructions. One set does both sides.

www.autokrafters.com
LEAF SPRING SHACKLE KITS (E)

Backing Plate-to-Retainer Gasket
2½½" I.D. center hole. Made in the USA.
'63 – '70 63 – '70 Fairlane / Torino all (before 9/30/69); '63 Meteor all; '66 – '68 Comet all (before 9/30/69). All with small-bearing 8" or 9" rear. Requires 2 per vehicle.
.................................................. AK1016 ................. ea ........... 1.00
BRAKE BOOSTER VACUUM LINE
Manufactured with computer precision on state-of-the-art CNC programmable tube benders, ensuring exact duplication of original lines to OEM specifications. Lines are produced from original prints, laser readers and even sample parts.

Please add “SS” to the end of the part number when ordering stainless steel.

NOTE: This is a custom-made special-order part that takes 2 to 4 weeks for delivery.

Original Stainless

'68 – '69 Torino 390 / 428 4/B. 1 piece................. 159.95

BRAKE BOOSTER CHECK VALVE
'69 – '76 with Bendix booster.

SINGLE RESERVOIR-TO-DUAL RESERVOIR MASTER CYLINDER CONVERSION KITS AND SWITCHES

Conversion Kits
Use these kits to change from power to manual brakes or from single-reservoir master cylinder to dual. Kits include dual-reservoir master cylinder with manual rod only. Sold as-is, no warranty whatsoever.

NOTE: Vehicles with the brake lamp switch mounted on the pedal arm must be changed to an inline tee and switch (see part #HW2003 below).

'62 – ’73 With drum brakes... MC1504K.................. kit............. 99.95
With disc brakes..... MC1502K.................. kit............. 119.95

Brake Lamp Switch and T Kit

3/8" – 24 threads. Recommended for use with part #MC1504K and #MC1502K (see above).

'62 – ’79 ..... HW2003.................. kit............. 39.95

Brake Lamp Switch
Required when upgrading from single-reservoir master cylinder to dual-reservoir.

........................... SW24........ ea ........ 14.95
MASTER CYLINDER CAPS

'62 – '66 Drum brakes.
'62 – '66 Chrome finish with gasket. Replacement; not as original.
'62 – '66 Gold zinc. Replaces C5ZZ-2162-B, which is black plastic.
'67 – '71 Fairlane / Torino / Comet / Montego with drum brakes.
'67 – '71 Chrome. Includes gasket.
'67 – '71 Fairlane / Torino with manual drum brakes.
'68 – '71 Fairlane / Torino with disc brakes.

Billett Aluminum

'62 – '66 Fairlane with drum brakes; '66 Comet with drum brakes.
'67 – '71 Fairlane / Torino / Comet / Montego; '70 – '71 Fairlane; '62 – '63 Meteor.

REAR DRUM BRAKE

11" UPGRADE KIT

Convert your small rear drum brakes to big 11" drum brakes with heavy-duty finned drums. Fully assembled and ready to bolt on. Features high-performance ceramic brake shoes and high-volume wheel cylinders, assembled on new backing plates. Limited 1-year manufacturer's warranty.

With drum brakes and 8" or 9" Ford small bearing (3½" x 2") rear end .......... DR1504K ........ kit........ 579.00

POWER BRAKE CONVERSION KITS

Replace your old treadle vac or single-reservoir manual master cylinder with this kit. Bolts to stock location.

Kits include:

- 1" bore master cylinder
- brake booster
- firewall bracket (when needed)
- vacuum hose
- manifold fitting

Limited 1-year manufacturer's warranty.

'62 – '65

Includes 6½" single-diaphragm booster.

NOTE: Will not fit vehicles with factory power brakes.

'66 – '71

Includes 7½" single-diaphragm booster.

NOTE: May be necessary to modify or remove the factory weld-on shock tower-to-firewall brace for this kit to fit. Single-reservoir master cylinder.

BM1504 .......... kit........ 339.00

Dual -reservoir master cylinder.

HOW TO REBUILD
429 / 460 ENGINES
144 pgs .................................. B254929 ............. ea .......... 24.95

CONVERTIBLE TOP RESTORATION
AND INSTALLATION
By Fred Mattson. Leads us through the challenging project of restoring and repairing a convertible top. Step-by-step instructions and photos will help you through top applications for several types of cars, including Fords. Subjects addressed include well liners, weather seals, and hydraulic and electrical systems. Set up in an easy-to-read, how-to format. Includes many color photos. Sftbd.
176 pgs .................................. B254462 ............. ea .......... 26.95

HUBERT PLATT: FAST FORDS
OF THE “Georgia Shaker”
By Allen Platt. Foreword by Linda Vaughn. Details of the life and career of this legendary drag racer. Read how the once-Chevy driver moved over to Ford and stayed until his retirement. This one-time moonshine runner raced some of the most big-name Ford muscle cars of the era and was inducted into the NHRA Hall of Fame in 1986. Includes many color photos. Sftbd.
191 pgs .................................. B253977 ............. ea .......... 32.95

LOST MUSCLE CAR DEALERSHIPS
By Duncan Brown. Chronicles the history of one-time car dealerships that offered the fast muscle cars that were famous on the drag strips. These dealerships helped start the legacy of the muscle car with their creative advertising and excellent performance. Some of these dealers survive today, but, sadly, most are gone. This book preserves the story of these long-gone dealerships. Includes many color photos. Sftbd.

FMX AUTOMATIC TRANSMISSION DIAGNOSIS, SERVICE AND TRAINING MANUALS – CD-ROM

Three Ford manuals in one CD-ROM. Includes FMX Automatic Transmission Diagnosis and Service (Course 1715-108), FMX Transmission Principles of Operation (Course 1715-106IN1), and Automatic Transmission Diagnosis – Programmed Instruction Book (Volume 70 S6-LS, Course 7530). These manuals instructed Ford techs in the operation, diagnosis, and service of FMX transmissions. Contains material and step-by-step procedures in effect at the time of approval for printing. Officially licensed by Ford. NOT RETURNABLE.

Requires Microsoft Windows® or Apple Macintosh® OS X, Intel® processor, CD drive, Adobe Reader® or some other PDF reader.

................. CD10174 .......... ea .......... 12.95

C6 AUTOMATIC TRANSMISSION HANDBOOK AND DIAGNOSIS MANUAL – USB

Two Ford manuals on one USB drive. The C6 Automatic Transmission Handbook is written so a technician with no prior knowledge of automatics can learn their operation by reading the text and studying the diagrams. The Automatic Transmission Diagnosis – Programmed Instruction Book (Volume 70 S6-LS, Course 7530), is designed to teach Ford technicians to diagnose problems that may occur in the C6 transmission. All information contained in this manual was in effect at the time of approval for printing. Officially licensed by Ford. NOT RETURNABLE.

Requires Windows, Mac, or Android operating system with USB 2.0 or higher port and PDF viewer software. It is recommended that you have at least 128MB of RAM and hard drive storage space. It is also advisable to have the latest version of Adobe Reader DC. Made in the USA.

................. USB10173 .......... ea .......... 12.95

FORD SHOP TIPS MAGAZINES 1963–1973 – USB

A complete 10-year collection of Shop Tips magazine, a Ford technical service publication provided to servicemen in service stations and independent garages to help mechanics with the servicing of Ford vehicles. Begins with the October 1963 issue and ends with August 1973. Each issue is jam-packed full of shortcuts, tips, and tricks to make repairs fast and easy. Covers cars and trucks. Officially licensed by Ford. NOT RETURNABLE.

Requires Windows, Mac, or Android operating system with USB 2.0 or higher port and PDF viewer software. It is recommended that you have at least 128MB of RAM and hard drive storage space. It is also advisable to have the latest version of Adobe Reader DC. Made in the USA.

FORDS OF THE SIXTIES
By Michael Parris. Foreword written by Edsel B. Ford II. Gives the inside stories of Ford during the performance sixties. This decade brought us the Falcon, the Mustang and Shelby Cobras, and racers wins from Indy and NASCAR to Trans Am and LeMans. When the horsepower challenge came from GM, Ford was ready. Fairlane and Mustang GT models charged off the assembly line by the thousands, all with thunder under their hoods. Full of beautiful pictures and stories from the men that brought Ford its design and performance success throughout the decade. Sftbd.
192 pgs. B136338 ea 24.95

THUNDERBOLT: THE TRUE STORY OF DICK BRANNAN AND FORD’S LEGENDARY 427 FAIRLANE DRAG RACER
By Charles R. Morris. The story of this car and the driver that brought its success. The “Thunderbolt” showed that in 1964 Ford was serious about stock drag-racing and brought in Brannan to take it to the top. The mid-size chassis, coupled with its powerful 427 engine, dominated the strips from coast to coast and established the background that Ford applied later to the Mustang. Sftbd, B&W photos.
114 pgs. B200992 ea 19.95

FORD TOTAL PERFORMANCE: THE ROAD TO WORLD RACING DOMINATION, 1962–1970
By Alex Gabbrard. A racing historian covers Ford’s glory years—the total domination of world motorsports from 1962–1970. It was Lee Iococca’s dream for Ford to dominate world motorsports, and for 8 years they did. Ford launched an assault on every major racing venue in the world—Formula I to LeMans, NASCAR to Indy 500, Trans-AM to NHRA drag racing. Ford won championships in each. This book chronicles Ford’s rise to world racing domination, taking us behind the scenes with the men responsible for designing, building and driving the many racing machines that took the world by storm during this era. Hundreds of rare racing photos. Sftbd.

### KBS GOLD STANDARD® TANK SEALER

A superior, single-component, ready-to-use sealer formulated for coating the inside of metal, aluminum, and fiberglass tanks. Widely recommended and easy-to-use, this single-application coating cures into a tough fuel-impervious seal. The entire tank, including pinholes and weld seams, is permanently sealed to prevent the return of rust and corrosion and clogged carburetors. Its rock-hard finish remains flexible to withstand vibration and the repeated expansion and contraction of the tank! Gold Standard® Tank Sealer is impervious to all fuels, alcohol additives, and most solvents. Withstands temperatures of up to 600º F. Contains no methyl ethyl ketone. Seals up to a 25 gallon tank. Made in the USA.

### PC-7® 2-PART HEAVY-DUTY EPOXY ADHESIVE PASTE

Formulated for the maximum in bonding power. Has exceptional adhesion to metals, ceramics, masonry, and many plastics. Designed for permanent repairs. Seals a crack in a wall, attach a hanger to a ceramic plaque, seal a leak in an oil pan, repair a granite monument, fix a leak in PVC pipe connection, create a multimedia sculpture, and thousands of other repairs. When mixed, part A (gray) and the hardener part B (black) react to form a bond of tremendous strength. Slow curing, but slow can be a good thing especially for large tasks. Working time: 60 minutes. Minimum cure time: 24 hours (48 hours for full cure).

- Two 8 oz. cans ........PC-7EAP ..........ea ..........12.95

### SEAM SEALER

Premium-quality, fast-setting and with superior adhesion for interior and exterior applications (except windshields). Excellent sealer for quarter panel seams, trunk seams, wheelhouse seams, floor seams, cowl seams and door skins. Use with caulking gun.

- 11 oz. cartridge ....AV1002 ..........ea ..........11.95

### ADHESIVE SEALANTS

#### Black Silicone

Can be used for windshields, weather-stripping, gasket making, and electrical insulation repairs. Temperature range: -80º to 600º F.

- 3 oz. ................GMBLK ..........ea ..........3.95

#### Clear RTV Silicone

Can be used as an all-purpose adhesive sealant for a variety of applications, such as gasket making and electrical insulation repairs. Temperature range: -26º to 315º F.

- 3 oz. ................GMCLR ..........ea ..........2.95

#### THREADLOCKER BLUE

Medium strength. Disassembles with normal hand tools. Locks threaded fasteners against vibration loosening. Prevents rust lock and seals against leaks.

- 20 fl. oz. tube ........24200 ..........ea ..........5.95

#### 3M™ AUTO BEDDING & GLAZING COMPOUND

Use for sealing auto body seams, between windshield rubber and the car body, seal around mouldings, and to attach door water shields. Remains permanently soft and pliable to absorb movement in the auto body. Non-hardening, water-resistant, medium bodied product. Cleans up with a dry cloth. Use with a cartridge applicator gun.

- 10 oz. cartridge, black ........3M08509 ..........ea ..........15.95

#### 3M™ CLEAR PLASTIC AND EMBLEM ADHESIVE

Excellent adhesive for plastic repair and emblem application. May be used for interior or exterior bonding. Used for bonding metal emblems, rigid plastic parts, taillight lenses and vinyl trim strips. Strong. Quick drying. One surface application.

- 5 oz. tube ........3M08008 ..........ea ..........14.95

#### WEATHERSTRIP ADHESIVE

High quality black adhesive. Strong, flexible and rubbery. Can withstand vibration and extreme temperature variations. It can be used to bond automotive weatherstripping and is a great adhesive for holding paper, cork or rubber gaskets in place during installation. Not recommended for windshield or back glass weatherstrip.

- 5 oz. tube ........3M08008 ..........ea ..........6.95

#### PERMATEX® TRIM ADHESIVE

Recommended for installation of carpet, headliners, upper quarter trim panels, hood insulation, trunk mats, etc. Also recommended for sunvisor repairs or anywhere you need a good adhesive.

- 16 oz. aerosol ........82019 ..........ea ..........9.95

#### MISTY® HEAVY-DUTY TRIM ADHESIVE

Can be used on a variety of surfaces, uneven or porous, for temporary or permanent bonding. The wide web spray pattern dries clear and is waterproof and non-staining. Contains no chlorinated solvents and is ozone non-depleting.

**Caution:** Please read all directions carefully. This adhesive is extremely flammable and harmful if swallowed. Eye irritant. Please keep away from children. Made in the USA.

- 12 oz. aerosol ........A0315 ..........ea ..........9.95
KBS RUSTSEAL®
An incredible, single-component, ready-to-use, high solids content, rust preventive coating and stop-rust paint with great sealing properties. No other brand is tougher on rust! Using premium-quality materials and advanced color formulations, this high-tech performance coating is the most permanent, cost-effective solution for stopping rust and corrosion anywhere it is a problem: home, automotive, industry, fleet, farm, and more! Unlike other corrosion treatments, RustSeal® is an enhancement that lasts. Water and air are locked out, therefore oxidation cannot take hold. Great for automotive use on chassis, floor pans, wheel wells, fenders, trunks, engines, suspension parts, axles, roof drains, springs, doors—almost every part on a car or truck except the exhaust. Made in the USA.

NOTE: Not intended for use as a final finish. Repeated or prolonged exposure to direct UV light will cause cosmetic alteration to its color and sheen. Its guaranteed rust protective properties, however, will not degrade. In areas not exposed to direct UV light, such as the underside of a car, RustSeal® will seal as well as serve as a great-looking final finish. To protect against unwanted cosmetic changes, topcoat RustSeal® with any opaque (solid color) paint system.

- Gloss black: KBS50001 kit 22.95
- Satin black: KBS50002 kit 22.95

KBS FRAME
COATER® KITS
Everything you need to Klean, Blast, and Seal a full-size car or truck frame, or any 50 square foot area with 2 coats of paint coverage. Contains (1) quart of KBS Klean®, (1) quart of KBS RustBlast®; (1) quart of KBS RustSeal® (your choice: gloss black or satin black); black nitrile gloves; two brushes; stir stick; and complete and detailed instructions.

For information on the KBS Klean®, see previous column.
For information on RustBlast®, see above.
For information on RustSeal®, see above.

Made in the USA.
- Gloss black: KBS57001 kit 62.95
- Satin black: KBS57002 kit 62.95

KBS KLEAN® CLEANER / DEGREASER
A concentrated, water-based, biodegradable formula that is an excellent alternative to flammable solvents and hazardous chemicals for preparing your paint job with a clean surface. Can be diluted up to 10 times its volume. Non-corrosive, non-toxic, environmentally safe, and phosphate-free. Safe on non-ferrous metals such as aluminum. Use it on steel, iron, fiberglass, automotive and diesel engines, and much more. A great first step in surface cleaning before painting. Perfect for the home, garage, shop, or plant to effectively remove dirt, grime, oils, lubricants, grease, waxes, scum, algae, road film, and other contaminants. Made in the USA.

Quart: KBS2400 ea 11.95
Gallon: KBS2500 ea 20.95

KBS STRIP® PAINT REMOVER
Aircraft-strength paint remover that sprays as a semi-gel coat for fast and easy coverage, resulting in an even, unbroken film which seals and allows deep penetration through multiple layers of paint. Clinks to vertical surfaces with minimal run or sag, while emitting little odor. Washes off with water or solvent. Removes lead-based paints, polyurethanes, lacquers, shellacs, marine finishes, and more. Stays wet and active for 2 to 4 hours. If left for an extended period and allowed to completely dry, it can quickly be reactivated by re-spraying the surface. Enough for approximately 20 to 35 square feet. Made in the USA.

Quart: KBS19400 ea 28.95

KBS RUSTBLAST® RUST REMOVER AND PRE-PRIMING ETCH
Removes and neutralizes rust while pre-priming your metal before painting. Can be applied with an easy-to-use spray, submersion, or by brush. Apply at full strength to a clean surface, keeping it wet for 30 to 40 minutes or longer, and watch the rust, corrosion, metal oxides, and tarnishing vanish before your eyes. Use it on steel, cast iron, brass, aluminum, copper, steel alloys, fiberglass, and more. Great second step before painting, and after using the KBS Klean®. Will acid etch the surface and leave a zinc phosphate coating to ensure additional rust protection and a strong bond with any paint. Non-flammable, non-toxic, water-based, and biodegradable. Includes sprayer. Made in the USA.

Quart: KBS3400 ea 15.95
Gallon: KBS3500 ea 30.95

NOTE: Chemical products cannot be shipped via air and must ship via ground services only.
KBS MOTOR COATER®
This high-quality, fast-drying acrylic enamel is extremely high-gloss. Easy to apply, offers superb coverage, and yields a self-leveling professional-looking finish whether it is brushed or sprayed. Very durable, protecting your engine from chips, chemicals and heat. Withstands temperatures up to 450º F. Will not blister, flake, crack, or peel. Oil, transmission fluid, and gas resistant.
Great for brake calipers, too. 1 pint is usually enough to do an entire engine. Made in the USA.

Gloss black........KBS60302........ea........23.95
Velvet black........KBS60312........ea........23.95

KBS XTC® HIGH-TEMPERATURE COATING PRIMER
This silicone zinc primer prevents corrosion of metal surfaces exposed to high heat, high humidity, condensation, and salt air. Functions much like galvanizing as it locks itself to bare metal surfaces, leaving a perfect primed surface for top coating. Can be used alone as a finish paint. Free of fluorocarbons, lead, and chromates. Will cover approximately 10 to 15 square feet per coat. Made in the USA.
12 oz. aerosol
Gray....................KBS65100........ea........19.95

KBS XTC® HIGH-TEMPERATURE COATINGS
High-temperature heat-resistant coating formulated specifically to protect metal surfaces operating at temperatures from 500º F (260º C) to 1,500º F (812º C). With proper preparation, it provides outstanding adhesion, film integrity, weathering, and thermal shock-resistance throughout this entire temperature range. Guaranteed not to burn off! Resistant to scratching and marring, reduces underhood temperatures as well as reducing exhaust manifold surface temperatures. Ideal for exterior applications because it resists rust when primed with KBS XTC® Primer. Can be brushed or sprayed. Great for exhaust headers, manifolds, mufflers and more. Made in the USA.
8 oz. can (covers approximately 18 sq. ft. with 2 coats)

Cast-iron gray......KBS65205........ea........19.95

KBS DIAMONDFINISH® HIGH-GLOSS CLEAR COAT
A long-lasting, moisture-cured top coat designed to add body, depth, and rich gloss to any existing top coat. Guaranteed to never yellow or crack, it can also be used as a standalone sealant for high-weather areas such as wood, concrete, porcelain, or on bare metals such as polished chrome or aluminum. Very durable due to its high solids content, but will also remain permanently flexible. Can be applied by brush, roller, or conventional spray gun, and will always have excellent flow out. Unlike other clear coats, all of the hardening compounds are already contained in DiamondFinish Clear®, so there is no measuring and no mixing. Also features permanent UV stability and high-temperature resistance, making it suitable for motors and brake calipers. Made in the USA.
Pint can (covers approximately 50 sq. ft. with 1 coat)

Quart can (covers approximately 100 sq. ft. with 1 coat)
..........................KBS84004........ea........55.95

KBS CAVITY COATER® WITH WAND
A one-step, super-penetrating corrosion-inhibiting coating (CIC) for long-term protection on all metal surfaces. Provides a self-healing film that creeps into welds and seams, rendering over 4,000+ hours salt spray protection—over 4 times the protection of conventional cavity waxes. Use with a KBS Cavity Wand (included) to give long-lasting protection for those hard-to-reach enclosed cavities, such as rocker panels, boxed frames, inside doors and fenders, deck lids, tailgates, and more. Protects against carbon fusion while lubricating parts. The 36" Cavity Wand includes a 360º spray tip that will coat approximately 125 sq. ft. at 1 mil thickness. Made in the USA.
17.5 oz. aerosol with wand........KBS75101........ea........34.95
CHEMICALS / PAINTS / CLEANERS / WAXES

KBS #1 THINNER®
Low VOC paint thinner used for the thinning and cleanup of RustSeal® and other KBS Coatings® paints. Regular solvents may contain moisture that can adversely affect the performance of the KBS coatings. Also, keep some KBS #1 Thinner® on hand for your immediate cleanup needs. Made in the USA.

8 oz. .................................. KBS6200................................ea ........ 8.95
Quart ..................................... KBS6400................................ea ........ 15.95

KBS PAINT SAVER® COATING PRESERVER
A proven paint preserver that allows user-friendly long-term storing of leftover paints in the original can. Keeps paints, coatings, and clear coats from skinning over in the can, which saves money by allowing you to use the entire can of paint. Environmentally safe and very easy to use. Can save up to 75 cans of paint. Made in the USA.

25 oz. aerosol............................ KBS150090................................ea ........ 10.95

MIRACLE SOLVENT
Made specially for thinning and cleanup of paint, this all purpose solvent can be used thinning most non-Latex paints. Excellent for cleaning brushes and general cleanup work where a petroleum-based solvent is required.

Cleaners

NOTE: Chemicals cannot be shipped via air. They must ship via ground services only.

PERMATEX™ RUST TREATMENT
One-step rust treatment that destroys old rust on contact and prevents new rust. Just spray on. Within minutes, rust is replaced by a durable black polymer coating that may be painted. Excellent protective primer. Can be used when temperature is between 50º F and 90º F (10º C and 32º C) and on surfaces which do not exceed 200º F (93º C).

10.25 oz. aerosol .................... 81849 ................................................. ea ........ 9.95

ORDER TOLL FREE  1 - 800 - 228 - 7346
VHT™ RUST CONVERTOR
Specially formulated to stop rust on contact and to prevent its return. Sprays on clear and dries to a black paintable, water-proof finish. Can be used on most metal surfaces and is heat resistant up to 200° F. Please read all warnings and instructions carefully.

10.25 oz. aerosol SP229 ea 10.95

#40 VINYL / RUBBER CLEANER
A complex formula that cleans, penetrates and rejuvenates, vinyl and rubber surfaces. Provides durable protection that screens out damaging ultraviolet rays. Restores life and color. Leaves a rich, natural sheen, unlike the shiny synthetic coating of simple protectants.

16 oz. spray bottle M4016 ea 12.95

PLASTX™ CLEAR PLASTIC CLEANER & POLISH
This rich gel formula restores optical clarity to rigid and flexible clear plastics, removing light oxidation, chemical degradation, surface contaminations, stains and light surface scratches with ease. Special highly water-resistant polymers provide long lasting durable protection to keep your clear plastics clear and beautiful longer.

10 oz. bottle G12310 ea 8.95

303® VINYL / RUBBER / PLASTIC PROTECTOR WIPES
These wipes from 303® offer UV protection and help keep these materials looking new. Restores color and luster to surface areas and prevents fading and cracking. After use, the surface area dries to a smooth, matte finish without the oily residue that some products leave behind. Contains 40 wipes (7" × 8" each). Please read all directions and warnings posted on the label before using.

30321 ea 8.95

KBS HEADLIGHT RESTORE KIT®
Everything’s here to restore 4 or more headlight lenses which drastically increases the visibility of fogged, yellowed, cloudy, or hazy dumb-looking headlights and improves their performance. Its easy-to-use single-part formulation is tougher and harder than 2-part clear coats. Self-leveling—no brush marks. Can be applied with a simple brush or spray application. Permanent UV stability. Kit includes (1) 8oz. KBS Klean®; (1) 4oz. KBS DiamondFinish® Clear; black nitrile gloves; 2 brushes; scuff pad; stir stick; and complete and detailed Instructions. Made in the USA.

KBS50040 kit 21.95

Waxes and Polishes

NOTE: Chemicals cannot be shipped via air. They must ship via ground services only.

EAGLE ONE® NEVR-DULL®
Wading polish for cleaning and polishing all metals, including silver, gold, brass, copper, pewter, glass, steel, aluminum, and chromium. Removes corrosion instantly. Removes rust and tar from automobile and motorcycle chrome. Leaves no deposits in the crevices of metal work. Excellent for mag and chrome wheels, boat fittings, workshop tools, fishing gear, sinks, showers and campers.

5 oz. 1035605 ea 8.95

THE GLOSSER™
Disposable triceraphilic microfiber tissue with a three-layer material which carries cleaners and waxes in the middle layer. Removes surface soil, applies wax, enhances shine and dries a vehicle, all in one easy step. Also treats instrument panels, consoles, vinyl, leather and chrome. Comes five to a glove box-friendly resealable package.

99001 ea 7.50

PACIFIC COAST CAR DUSTER
Its cotton fiber dusting head, heat-treated with paraffin wax, will pick up dust and dirt from your vehicle. Safe on all surfaces; just lightly sweep the duster over your vehicle. Reusable and can be occasionally hand-washed. Includes heavy duty plastic handle and vinyl storage bag.

NOTE: This is not a polishing tool. Excess pressure may cause paraffin deposits on vehicle’s finish.

93007 ea 16.95

THE ABSORBER®
Dries anything faster and easier. Machine washable, resistant to most chemicals, and unharmed by grease, oil and detergents. Tough—resists tearing or shredding. Will last for years with normal use. Use it anywhere you would use a towel, chamois or even a sponge.

GLOSSARY

2- or 4-DOOR HARDTOP – Has no post at the door opening
2- or 4-DOOR SEDAN – A car with a post at the door opening
2/B or 2/V – 2 barrel
2WD or 2wd – 2 wheel drive
3/T or 3/S/T – 3 speed transmission
3 or 4/S/T – 3 or 4 speed transmission
4/B or 4/V – 4 barrel
4/T or 4/S/T – 4 speed transmission
6/B or 6/V – 6 barrel
8/B or 8/V – 8 barrel
A/C – air conditioning

AFTERMARKET – Not original; made after the marketing of vehicle
ANODIZED – Plated aluminum
APRON – Inner panels under the hood
A/T – Automatic transmission
A.T.C. – Automatic temperature control
AUTOOLITE – Ford's service division in the '70s

BATTERY APRON – Front right-hand panel (passenger side) where the battery is mounted
BELTLINE – Also known as fuzzies, anti-rattlers, dew wipes, window felts. Refers to the beltline (mid-section) of the vehicle.
BEZEL – Finish cover, rim, or outer cover
BRAKE PROPORTIONING VALVE – Used on front disc, rear brake cars. Not used on four-wheel drum cars. Not to be confused with a distribution block.
B/W – Borg Warner
C4, C5 and/or C6 – Types of automatic transmissions
CAMMER – An engine with an overhead camshaft (OHC)
CFM – Cubic feet per minute of air
CID – Cubic inch displacement
CJ – Cobra Jet
C/M – Cruise-O-Matic transmission
COMPOSITE BRAKE DRUM – Cast metal inside with steel outside
CONCOURSES – Refers to judged car show where the car is judged as it would be seen new or as stock
CORE – A core is the part you return in exchange for a new part. Core fees are in addition to the price of the new item. The core must be complete and rebuildable to receive full core credit. Parts missing from the core will be deducted from the core fee.
COUPE – Has no post at the door opening
COWL – Area between the hood and windshield

DIAPHRAGM STYLE – Type of clutch cover that uses a shallow, cone-shaped spring disc to provide pressure to the plate

DISTRIBUTION BLOCK – At the master cylinder, brake lines are sent out to all four wheels
DURA SPARK – Electronic solid-state ignition
EEC – Engine electronic control
EFI – Electronic fuel injection
EGR – Exhaust gas recirculation
EM/RE – Emission reduction
EMS – Emissions
ESCUTCHEON – A plate (example: the cover behind a door handle)
EV/EM – Evaporative emission
F/B – Fastback; roof line slopes back, usually has a large back glass
FE – An engine series
FINNED BRAKE DRUM – Cast metal piece with fins
F/M/2 – Ford-O-Matic 2-speed transmission
FORMAL ROOF – Same as a hardtop
FROM SERIAL # – Refers to the number on the data plate after which a change was made in production
GPD – Genuine Parts Distributors
GT – Grand touring
GVW – Gross vehicle weight
H/D – Heavy duty
HDC – Heavy duty cooling
HEADER – The body panel in front of hood, if applicable. The front leading edge of a convertible top
HI-PO – High performance
I.D. – Inside diameter
IMC/D – Improved combustion
INSULATOR – Rubber or vinyl, as in engine insulator or motor mount
I/P – Integral power steering
KR – King of the road
LANDAU – Back half of the roof that is covered with vinyl

LEVER STYLE – Type of clutch cover that uses coil springs to provide pressure to the plate

LH – Left hand (driver's side)
MCA – Mustang Club of America
MOTORCRAFT – Ford's present day service division
MOULDINGS – NOT weatherstrip. Metal or plastic trim

M/S – Manual steering
M/T – Manual transmission
N.O.S. – New old stock
N.O.R.S. – New old reproduction stock
O.D. – Outside diameter
OE or OEM – Original equipment or original equipment manufacturer
OFFSET / BACKSPACING – Distance from the wheel mount to the outside rim
P/C – Police car
PCV – Positive crankcase ventilation
PHB-AC – Transmission tag code (example)
PI – Police interceptor
PILLAR POST – The pillar at the front windshield
PLENUM CHAMBER – Directs heated air to the defroster or passenger compartment
P/S – Power steering
QUARTER – Rear fender
QUARTER PILLAR – The pillar at the front of the rear quarter or at the rear of the door opening
RH – Right hand (passenger's side)
ROTUNDA – Ford's service division in the '60s
S/C – Standard cooling
S/CJ – Super Cobra Jet
S/D – Sedan delivery
SFI – Organization that issues and administers standards for specialty/performance automotive and racing equipment
S.M.CO. – Specialty Motor Company
SPREAD BORE – A type of carburetor that has a small primary venturi and a larger secondary venturi that provides fuel efficiency and greater acceleration
ST/T – Standard transmission
STD – Standard
S/W – Station wagon
T/E – Thermactor emission
TO SERIAL # – Refers to the number on the data plate before which a change was made in production
UPHOLSTERY – NOT the complete seats; refers to the outer covers only
V/V – Variable venturi
W/4/S – Warner 4-Speed
WINDLACE – Vinyl or cloth trim at the door openings
W/S – Windshield
X/C – Extra cooling
Show Us What You’ve Got!

Here is a way to get some money back from your restored Classic Ford or Mercury!

We need color pictures of our customers’ cars and trucks for inclusion in our catalogs, promotional items, and our website.

Here’s what’s in it for YOU!

$25.00 gift certificate* for EACH photo we use on a cover *to be used for a future purchase with us

*** What We Need From You ***

• Clear, color photos with good contrast, lighting, and pleasing backgrounds.
• Watch those shadows and light spots that wash out the color of the vehicle! Overcast days are usually best for shooting outdoors.
• Choose a location away from objects that may reflect in the vehicle’s finish.
• No individuals or animals should be in the photo.
• Stock or near-stock vehicles are preferred over heavily modified ones.
• Three-point (an angle with three sides of the vehicle visible) shots are preferred. Take a look at our covers for examples.
• High-quality photos taken with a digital camera only, please; smartphone photos are not encouraged.
• Please include vehicle info and contact info with all image file submissions, either on the disc (if shipped) or in the accompanying email (if sent electronically).
• If submitting prints, please use a glossy photo finish (not plain paper) and put vehicle info and owner contact info on the back of each photograph. Labels are preferred. If you do not have a label, leave the back blank.
• While we encourage amateur photographers to submit, photos shot by professional photographers must be accompanied by any signed release form required by the photographer. If no release is required, please state this in your submission.

Any questions? Please call us toll-free at 1-800-228-7346 and ask for Catalog Production, or send us an inquiry via our website: www.AutoKrafters.com.

Send photos and descriptive information of the vehicle (year, make, model, etc.) and some info about the owner to:

Auto Krafters, Inc., Attn: Catalog Production, PO Box 8 Dept. PH, Broadway, VA 22815-0008

PLEASE REMEMBER: Submitting a photo does not guarantee it will appear on a catalog cover. All cover photo submissions must go through a process of evaluation and approval before they are considered for a cover. Due to the length of time between catalog releases, it may be months between your submission and finding out whether your photo made the cut. All photos submitted become property of Auto Krafters, Inc. and will be kept on file unless the person submitting them requests that they be returned AND has included a self-addressed, stamped envelope for their return. Auto Krafters, Inc. is not responsible for photos lost in the mail. Photos we use, and issue credit for, will permanently become property of Auto Krafters, Inc. and will not be returned. $25.00 credit memo will be issued ONLY if the photo is used on a catalog cover; no credit will be issued for simply submitting a photo. While we anticipate this program going on indefinitely, we do reserve the right to cancel this offer at any time without prior notice.
Dear Fairlane/Torino & Mid-Size Mercury Enthusiast,

We are an organization of mid-size Ford & Mercury owners who are dedicated to the preservation, restoration, and enjoyment of 1962 through 1976 Fairlane and Torino cars, and Mercury cars based on the Fairlane/Torino chassis.

Club members live in every state of the United States, as well as in Canada and overseas. Our cars range in restoration from original to highly modified, and from show quality to daily drivers. The club membership currently stands at just over three thousand.

The Fairlane Club of America issues a 48-page color magazine called *Fairlaner*, which is published six times a year and filled with original technical articles, members’ cars, coming events, numerous photographs, and classified ads which are free to members.

An interactive website at [www.fairlaneclubofamerica.com](http://www.fairlaneclubofamerica.com) is also available to club members.

Dues are $35 per year (due to higher postage $47 in Canada and $64 overseas, payable in U.S. funds by Postal Money Order, Worldwide Money Order, check drawn on a U.S. bank, or via website). Annual dues to this non-profit organization support the club magazine, website, and club-related activities.

I would like to take this time to thank you for your interest in the Fairlane Club of America and I hope we can add your name to our club roster in the near future.

Doug Bender, President, Fairlane Club of America

Tell us about your Mercurys

<table>
<thead>
<tr>
<th>Year</th>
<th>Model</th>
<th>VIN</th>
<th>Condition</th>
<th>Color</th>
</tr>
</thead>
</table>

Enclose any pictures of your Mercurys, or any ads you would like placed in our Quicksilver magazine. Ads are free to members. Any technical tips you would like to share with members, or any articles you have written would be welcomed in a future issue of Quicksilver.

The International Mercury Owners’ Association (IMOA) was formed in 1991 to offer Mercury owners and collectors (regardless of year or model) the advantages of locating Mercury parts and cars, share information regarding Mercurys, and receive our quarterly Quicksilver magazine. Our goal is the planning of well-organized local and national shows. If you have any questions, contact IMOA President Jerry Robbins at (947) 997-8624.

Thank you for joining the International Mercury Owners’ Association and your local region.
Comet Enthusiasts’ Clubs

We are pleased to tell you about two clubs dedicated to the Mercury Comet. Ownership of a Comet is not required for membership, just enthusiasm.

Comet East

Formed in 2003 by Comet owners eager to have their beloved Comets as car show stars, not just honorable mentions, the Comet East Car Club is a full-fledged car club in every sense of the word, with a website, newsletter, and events with judging.

The club is devoted to all models of Comets and 1961–63 Meteors. Annual dues are $25.00 US dollars in the U.S.A. and Canada, $30.00 USD in all other countries.

For more information and a link to a printable membership application, go to the Car Clubs page under the Ford Korner tab of www.autokrafters.com or visit their website at: www.CometEastCarClub.org

Comet Central

The Central North American Mercury Comet club is dedicated to all models of Comets. Through the club’s website, you can make contact with other Mercury Comet owners and members, keep up to date on upcoming events, find valuable info on Comets you may be interested in, view Comet photos in the gallery section, or read valuable tech articles.

For more information, see the club’s website at: www.CometCentral.com

RANCHERO ENTHUSIASTS
FOR THOSE WHO APPRECIATE THE UNIQUE FORD RANCHERO

A Club dedicated to any Ford-based commercial vehicle from 1952 to present. Specifically supporting:

- 1952–1961 Couriers (includes Canadian Meteor Sedan Deliveries up to 1961)
- 1957–1979 Rancheros (includes Canadian Meteor Rancheros, Australian Utilities from 1946 to present, and Argentine Rancheros)
- 1961–1965 Falcon and Courier Sedan Deliveries (includes 1960 to present Australian Falcon Sedan Deliveries and Pinto Panel Deliveries)

Members enjoy 4 publications of “The Ranchero Enthusiasts’ News” each year which includes in-depth information on various past Ford cars and a Roster issue listing all members and their vehicles along with areas of specialties for those tough questions. Members are allowed to submit one free 50 word or less ad per issue in the following categories: Vehicles For Sale, Vehicles Wanted, Parts For Sale, and Parts Wanted. Non-members may also advertise for $5.00 per 50 word or less ad.

For more information and a link to the club’s SuperMotors web page, go to the Car Clubs page under the Ford Korner tab of www.autokrafters.com or contact the club directly:

PO Box 8
Broadway, VA 22815-0008

Your membership card will be sent to you in the mail. Satisfaction guaranteed. If you feel this program is not for you, simply notify us in writing within 60 days. We will refund your membership fee minus any discounts already given.
Auto Krafters is your source for classic Ford parts and accessories. Since 1978, we have helped Ford enthusiasts across the world maintain their vehicles — from show cars to favorite drivers. We are proud to offer you the opportunity to become a member of the Auto Krafters Gold Card Club — an exclusive club that offers the privileges you deserve!

For only $49.95 per year ($79.95 for two years) you will receive such benefits as:

- $14.95 flat shipping fee on all orders. Some exceptions apply. (See Note 1)
- Priority Order Handling; shipped the same day on in-stock items for orders placed before 1 p.m. ET.
- 10% discount on Internet, phone and fax orders over $100 (excluding shipping). Must have part number(s) ready before placing phone or fax orders. Special shipping rates may apply. (See Note 1)
- Liberal return policy on items in sellable condition. (See Note 2)
- Price match guarantee on any currently advertised competitors prices. (See Note 3)
- Program is available for continental USA shipments only.

Membership Rules

- You must have your Gold Card Club membership number on your order form or available when you call to receive membership benefits. If your number is not present, you will not receive the benefits. No retroactive benefits to orders placed before becoming a member.
- You will be notified of any price changes on items. Balances due must be paid before shipment is made. Please make sure you give us a daytime phone number and / or email address for immediate notification.
- Back-ordered items or drop shipments are not subject to priority handling.
- Discounts not available on: weatherstrip kits; fiberglass parts; rebuilds and core fees; rechromed bumpers; batteries; wheels; disc brake conversion kits; suspension kits; leaf springs; replacement glass; N.O.S. parts; A/C kits; wiring harness upgrade kits; certain early '60s dash pads ('60–'64 Galaxie, '60–'63 Falcon, '61–'66 pickup); AMD sheet metal; '66–'67 Fairlane quarter panels; upholstery; door panels; or online purchases of carpet, floor mats and / or trunk mats.
- Discounts apply to classic Ford parts only (1979 and earlier).
- Free shipping not available outside the continental US.
- Auto Krafters reserves the right to choose the best shipping method.

Note 1: Excludes shipping on weatherstrip kits, batteries, A/C kits, wheels, disc brake conversion kits, suspension kits, leaf springs, replacement glass, oversized UPS orders, and truck shipments. Free shipping not available outside the continental US.

Note 2: Items are nonreturnable after installation. Sellable condition means that the item can be put back into stock for immediate resale. Electrical items are not returnable. Defective items will be replaced under warranty.

Note 3: Must be an equivalent quality part to receive matching price.

Auto Krafters reserves the right to modify this program without prior notice.

Order by Phone
It's fast and convenient! For best service have all catalog and credit card information ready, then call:

TOLL-FREE ORDER LINE 1-800-228-7346*
FAX NUMBER 1-540-901-2908
LOCAL NUMBER 1-540-896-5910

A $20 MINIMUM IS REQUIRED FOR ORDERS PLACED OVER THE PHONE. Mastercard, VISA, Discover and American Express are welcome. C.O.D. shipments are not available for any items.

Mail Orders
Fill out the order blank in the back of this catalog. For fastest delivery, send a money order or cashiers check. Personal checks are accepted but will delay the order 7 days while the check clears the bank. Mastercard, VISA, Discover and American Express are welcome. A $20 MINIMUM IS REQUIRED FOR ORDERS PLACED THROUGH THE MAIL. Be sure to include card number, expiration date, billing address, and signature of cardholder.

Fax Orders
Accepted 24 hours daily. Mastercard, VISA, Discover and American Express. A $20.00 MINIMUM IS REQUIRED FOR ORDERS PLACED OVER THE FAX.
Fax number is 540-901-2908.

Warranty / Exchanges
All parts are guaranteed. Please inspect the shipment as soon as you receive it. If you have a problem with any purchase, please call one of our associates at 800-228-7346*. Many times, application problems can be quickly handled by phone, saving needless shipping expense. Should you find it necessary to return anything, a copy of our return procedures is packed with your invoice. All claims for shortages must be made within 48 hours. No shortage claims will be accepted after 48 hours. To better facilitate our handling of returned items, please call and obtain a return authorization number. All returns must be sent prepaid. C.O.D. returns will be refused. Returns older than 30 days are subject to a restock fee. Absolutely no returns after 120 days from date of purchase regardless of reason unless covered by an extended warranty. We reserve the right to charge a restocking fee on certain items. Special orders are also subject to a restock fee. Auto Krafters, Inc.'s liability is limited to the replacement of the product or refund of the purchase price. Installation labor costs or shipping charges are not refunded. Electrical parts are non-returnable once installed. We will replace defective units only. Our associates are available from 9:00–5:00 Monday–Friday ET.

Warehouse Location
Auto Krafters, Inc.'s office and warehouse are located in Broadway, Va., off Interstate 81 exit 257. PO Box 8 • 129 Hartz Blvd. • Broadway, VA 22815. Our local phone number is 540-896-5910. Sorry no personal checks accepted for showroom purchases without prior authorization.

Shipping Charges
In the continental United States, there is a minimum shipping charge of $14.95. Most orders are shipped via UPS or FedEx. Please furnish a complete street address as UPS cannot deliver to a post office box number. We reserve the right to ship extra heavy or oversize shipments freight collect. Hoods, fenders and quarter panels fall in this category. If you have prepaid the shipping and the order has to be shipped freight collect, we will refund your prepaid shipping. If you have any question, please call us at 800-228-7346* for assistance. Please check all truck shipments for damage before signing the bill of lading. Once truck shipments are signed for, no claims can be made for damage. Some parts require additional handling charges. Fragile items, such as mouldings, will be shipped in PVC tubes and will incur a $15 handling fee. All oversize items will incur a $10 boxing fee and / or crate charges where applicable. Please inquire about additional handling charges when ordering.

Alaska, Hawaii, Puerto Rico and Canadian orders should add 20% estimated shipping and handling with a minimum of $20.00. Other foreign countries should add 35% with a minimum of $20.00. Any excess will be refunded. Canadian customers are responsible for all customs brokerage fees and duties.

Customer Satisfaction
Our goal is customer satisfaction and we strive to sell the highest quality parts at competitive prices. If you encounter a problem with your order, contact us immediately so that we may resolve the problem. We want your repeat business and the business of your friends and neighbors. Most orders are processed and shipped within 24 hours of receipt. If we should need to back order any items, they will be shipped as soon as possible unless you notify us otherwise. If you require your parts delivered by a specific date, please advise us when placing your order and we will do our best to accommodate your needs.

Back Ordered Items
Due to the difficulty of keeping some items in stock, an item you order may be put on back order for later delivery. Most back ordered items can be shipped in 21 days. If you do not receive your back ordered items within the time stated on your notification letter, please call us at 1-800-228-7346* for a revised delivery date.

Origin of Parts
We sell both Genuine Ford and quality reproduction parts acquired from many sources, both domestic and foreign. We will be happy to give you the country of origin of all our parts, if known. All Ford Trademark parts sold (such as emblems, etc.) are licensed by Ford Motor Company®. The majority of the parts in this catalog are made in the USA, are reproductions of originals and are NOT Genuine Ford. Auto Krafters is proud to offer reproduction parts and accessories from such manufacturers as Dennis Carpenter®, Auto Custom Carpet®, Jim Osborn Reproductions®, Drake Automotive Group® and many others.

NOTE: We are not responsible for typographical errors. Prices are subject to change without notification.

NOTE: Illustrations are typical and may not be representative of the part you are ordering.
